QUICK COUPLER FOR BACKHOE/EXCAVATORS

Adaptability is the name of the game and it adds up to increased productivity and unmatched versatility. The ability to go from one job to another and have the right attachment for the job -- Quick Couplers to bucket with no need to buy custom made buckets.

Use the right attachment for the job and get the productivity your Backhoe/Excavator was designed to give. Change buckets in 2 minutes or less.

Productivity, Versatility, and Adaptability...

- Geometrically Balanced — Attachments International Quick Coupler allows bucket to follow its designed geometric curve to get maximum efficiency.
- T-1 steel construction throughout.
- Available for all models of backhoes and excavators.
- Attachments International Quick Coupler can be ordered to allow your backhoe/excavator to use competitive brand attachments.
