## What Severe Service Means to Our Customers

*Feature for feature, there are no finer quality skid steer attachments available.*

*Look for the features that assure you years of trouble-free service:*

- Heavy-duty industrial hydraulics
- Alloy steel body plates
- Hardened pins and bushings
- High carbon cutting edges
- Grease fittings at all pivot points
- Gussets at all stress points
- Abrasive resistant steels at all ground contact points
- Fully welded seams

These may seem like little things, but it's this attention to detail that assures Attachments International's customers years of satisfied use.

## Profiles Available

# landscape and snow

## Snow Bucket

### Light Material Bucket

Large capacity for fertilizer, wood chips, snow, etc. Ideal use is scraping and pushing large loads.

## Heavy Duty Snow / Dirt Blade

Manually or hydraulically adjustable to 30° left or right. All AI snow blades have a set of skid shoes included.

## V" Snow Plow

A fast and efficient way to remove snow from sidewalks and paths. Unloads snow equally right and left.

## Snow Blizzard

Designed to make any loader a high production snow removal machine. Remove snow 200% faster than large snow buckets. Features include reversible hardened cutting edge.

## Landscape Tree Spade

Ideal for digging and moving small trees and bushes. Available in 16" and 25" blades.

## Super Land Plane

This planing blade is designed for the professional who needs maximum efficiency for leveling all soil types. Shown with optional ripper for hard soils.

## Pulpwood/Forklift Combination

**Severe Service:** Designed for high production pulpwood applications. Ideal for moving pallets, logs, scrap and much more.

## 3 Shank Ripper Assembly

Used for ripping compact soil.

## Root Rake

The fast, easy way to dislodge and move rocks, stumps, brush and logs. Shown with optional severe service grapple.

## 3-in-1 Clamshell Bucket

### Nursery Grapple

Ideal for picking up and moving balled trees. Other functions include use as a "U" dozer, scraper and close quarter clean up.
